«AUTOKONTINENT»: WHY PARTNERS CHOOSE US

We grow fast and have become the top aftermarket automotive spare parts wholesale distributor in the North-West region for PC and LCV, showing two-digit growth each consecutive year since 2009

In the recent years we started to actively develop trucks division in our company, taking our previous successful experience in working with PC spare parts

We permanently achieve and annually update the status of the fastest-growing partner for many leading spare parts suppliers in Russia

«AUTOKONTINENT»: WHY PARTNERS CHOOSE US

We always offer the clients full range of products from the largest spare parts producers all around the world for cars, commercial vehicles and ATV, as well as lubricants or other rare specialized products (i.e. clamps)

We are interested to satisfy demand of any regular client that searches spare parts and are happy to admit that our capacities can handle it

We have less price sensitive clients due to permanent sales promotion actions

«AUTOKONTINENT»: WHY PARTNERS CHOOSE US

We are flexible in financial questions and consider it of highest importance to maintain perfect image as a payer

We always find the best solution in logistics to deliver the goods fast and not make the client wait long for the necessary detail
